DESIGNATIONS
Designations

- Designations can be found via the Chartfield Values link in OMNI-Financials:

- Designations can also be found by running the query: `FSU_CF_DEPT_ALL_EMAIL`
Designations

- **Dean, Director, Department Head or Chair (DDDHC)** – typically delegates budgetary responsibility, but holds ultimate responsibility for the fiscal soundness of a department.

- **Budget Manager** – official contact for the department

- **Authorized Signer** – those designated to approve transactions.

- **Hyperion Salary Preparer** – those responsible for maintaining and updating salary/position information for the operating budget requests in Hyperion.

- **Hyperion Budget Preparer** – those responsible for entering operating budget requests in Hyperion.
Designations

• **Notes** –
  - Being listed as DDDHC or Budget Manager doesn’t automatically make an employee an Authorized Signer. The Budget Manager may be an Authorized Signer; however, it is preferable that they are not.
  - Being listed as Budget Manager doesn’t automatically make an employee a Hyperion Salary Preparer or Hyperion Budget Preparer.
  - Budget Managers and Authorized Signers are not automatically listed in all workflow approval for other offices such as Procurement Services, HR, etc.
Designations

- Budget Office maintains DDDHC, Budget Manager, Authorized Signer, and Hyperion Roles.

- **Updates** can be made by using the *Update Existing Department ID Form* found on the Budget Office website ([http://budget.fsu.edu/Forms](http://budget.fsu.edu/Forms)).

- SRA maintains project personnel. Updates may need to be made through SRA along with Chartfield Values (see *Sponsored Projects Personnel Change Form* at [http://www.research.fsu.edu/research-offices/sra/forms/](http://www.research.fsu.edu/research-offices/sra/forms/))

General Budget Timeline
Budget

- **Budget** is the authority to spend.

- Prior to the start of each fiscal year, departments formulate an annual operating budget → Hyperion in April.

- Once approved, this budget is booked in the commitment control (KK) ledgers in OMNI.

- Each department’s spending is controlled by their budget*. That is, a department cannot spend more than they have budgeted on a particular department-fund-account combination.

*Excludes C&G (520-599) and Capital Projects (800-899)
Commitment Control Concepts

• **Budgetary Accounts**: Classify balances on Commitment Control (KK)

• **Budget Journals & Budget Transfers**: Record transactions to KK budget ledgers
  - Journals are used to increase or reduce budget
    - *Budget Office only*
  - Transfers are used to transfer budget
    - *Must have the Budget Transfer Role - Restricted*

Available Balance - ALL

- **Available Balance** = Budget – Encumbrances – Expenses
- For E&G and Non-E&G* departments, “Budget Checking” in OMNI will prevent certain transactions from being processed without sufficient available balance at the department-fund-account level.

*Excluding C&G and Capital Projects
Non-E&G Spending Constraints

• OMNI will budget check Available Balance
  – Query: FSU_BUD_AVAIL_BAL_DIM

• Manually check Fund Balance: assets less liabilities (excluding accounts related to capital assets), before encumbrances
  – In this example, cash is $311,301.15 and Fund Balance is $315,304.36 (Cash + AR + AP)
  – Query: FSU_DPT_LEDGER_SUM_W_CF

</tbody>

Foundation Spending Constraints

• OMNI will budget check Departmental Available Balance
  – Multiple projects may roll up to this single department ID
  – Query: FSU_BUD_AVAIL_BAL_DIM

• OMNI will budget check the Foundation Project Available Balance
  – This is Project ID specific
  – Project amounts are pushed from the Foundation
  – Query: FSU_BUD_FSUF_AVAIL_BAL
**Spending Constraints**

*Budget Errors* prevent financial transactions from posting.

CORRECTING DEFICITS
Available Balance Deficits

• **Available Balance** = Budget – Encumbrances – Expenses

• There are a few ways to check available balance:
  o Budgets Overview or Budget Detail
  o BI Available Balance
  o OMNI Financials Query: FSU_BUD_AVAIL_BAL_DIM

• Job aids located at [http://budget.fsu.edu/Training-Resources](http://budget.fsu.edu/Training-Resources).

• Three possible ways to fix an Available Balance deficit: Expense Transfer, Release Encumbrances, Budget Adjustments
**Types of Budget Adjustments**

- Annual operating budgets are estimates and may require adjustments so that departments may continue to spend as needed:

<tr>

<tr>

</tr>
</tbody>
</table>
Unallocated Balance - 999001

- Used with funds 126, 140, 240 and 241 only
- Unbudgeted carryforward funds

<table>
<thead>
<tr>
<th>Funds Available at 7/1</th>

</thead>
<tbody>
<tr>

<td>$7,000</td>
<td>$3,000</td>
</tr>
</tbody>
</table>

- Departments can transfer budget from 999001 to another budgetary account, if needed. Please fill out the Unallocated Balance Budget Transfer Form.
